

WAIKATO ARTIST

NGAKOMA CONNER

Ngakoma Conner, known as Koma is a well known M.C in the Waikato, if you are a fan of local hip hop, then you will undoubtedly recognize the group name "4 corners" a Hip Hop group formed in the early 2000's who went on to have success in New Zealand and abroad.

"The name 4 Corners originates from the 4 elements of the Hip Hop culture: MCing (rapping), DJing, Breakin' (breakdancing) and Graffiti art (Graf). 4 Corners consists of two MC's, Koma and Hepaklypz, with DJ Omega B, and was formed in 1998 with members from different groups within Hamilton, New Zealand."

Koma has been industriously working on a program that will allow young people to develop as musicians in the realm of hip hop, and beyond. We believe it has potential to ignite inspiration in our inner city youth and those young Maori who have been disconnected from the elements of their culture.
